We will act on your behalf for the purposes of advising on and arranging:

- Life assurance
- Investments
- Pensions

We may also advise on products and services which are not regulated by the FCA and will tell you where this is the case.

pi financial ltd's permitted business is advising on and arranging designated investments and non-investment insurance contracts.

Client Classification

We have categorised you as a 'retail client', which provides the highest level of protection under the regulatory system with the right to take any complaint about our service to the Financial Ombudsman Service.

Whose Investment Products do we offer?

We offer an independent advice service which is unbiased. We will recommend investments based on a comprehensive and fair analysis of the market. We will place no restrictions on the Investment Markets we will consider before providing investment recommendations, unless you instruct us otherwise. We will however only make a recommendation when we know it is suitable for you.

What service will we provide you with?

The service we provide is advising on and arranging Retail Investment Products, as defined by the FCA (see <http://fshandbook.info/FS/html/FCA/Glossary/R>).

Detailed information about each of the products we recommend will be included in the product disclosure information we send before contract confirmation. This may include the minimum duration of the product, information on your right to cancel and any other early termination rights and penalties.

For the avoidance of doubt, please be aware that when you become a client of Kingsland Wealth Management Ltd, we do not accept responsibility for advice previously given to you by other advisers or firms. It is not part of our service to review the suitability of the advice previously given to you, unless we have specifically agreed to do so.

Scope of Services

The services we provide are set out in our Letter of Engagement – Our Service and Fees, which you should read in conjunction with these Terms of Business.

We are independent values based financial planners who deliver fully comprehensive lifetime financial planning aligned to your most important goals and your most deeply held values.

Our service includes the following key stages:

1. Initial Discovery Meeting
2. Research to find suitable investment options
3. Providing reports, financial health checks and forecasts
4. Recommendation of specific investment products, including confirmation of costs
5. Implementation
6. On-going Review

1. Initial Discovery Meeting

We offer an initial meeting at our offices at our expense, to discuss your situation and how we might work together. At the meeting we start gathering information about you, including discussing your financial aspirations, confirming your attitude to risk and capacity for loss and appreciating any existing financial products you may have. We may ask for your authority to contact product providers for more details about these investments and policies.

If you wish the initial meeting to be at another venue there may be a modest charge for travel, meeting room hire etc. If a fee for the initial meeting applies it will be disclosed prior to becoming chargeable.

You are not obliged after this meeting to proceed to any of the further steps below.

2. Research to find suitable investment options

Following the Discovery meeting we begin researching the market to identify solutions that address your aims and objectives, within your stated and agreed tolerance for risk. This research takes into consideration your personal situation, your tax status, your existing arrangements and any other relevant issues.

We consider impartially all types of retail investment products which are capable of meeting your needs and objectives. The FCA defines a retail investment product as:

- a life policy (includes personal pensions)
- a unit in a Collective Investment Scheme
- a Stakeholder Pension Scheme (including a Group Stakeholder Pension)
- a security in an Investment Trust
- any other designated investment with exposure to underlying financial assets, in a packaged form which modifies the exposure when compared with a direct holding in the financial asset
- a structured capital at risk product,

We will also consider relevant financial products, other than retail investment products which may be appropriate to your investment needs and objectives such as National Savings and Investments (NS&I) and cash deposits.

We don't provide advice in relation to individual share holdings. If this is something you need assistance with, we can refer you to a stockbroker.

We don't provide advice on options, futures and other derivative contracts as we believe that these are unlikely to be suitable for our clients.

Our services may also include advice on investments relating to Unregulated Collective Investment Schemes ('UCIS'). Accordingly, you should carefully consider whether such investments are suitable for you in light of your personal circumstances and the financial resources available to you. We will not arrange transactions to purchase UCIS.

Non-investment protection contracts - we offer advice regarding non-investment protection products such as term assurance, income protection and critical illness from a range of insurers. We will provide you with advice and arrange the contract on your behalf after an assessment of your personal needs circumstances

We may also, on occasion, advise on other financial products which are not regulated by the FCA under the Financial Services and Markets Act 2000. The Financial Services Compensation Scheme does not apply to any of these products. We will tell you where this is the case.

3. Providing reports, financial health checks & forecasts

For most clients we prepare a financial report to give an overview of your current financial situation. It identifies how likely you are to realise your financial goals and illustrates how our recommendations could improve your position. It might be necessary to prepare additional specific reports providing detailed advice about areas such as pensions, inheritance tax planning, asset protection and investments. The costs of any additional specialist reports will be outlined and agreed with you in advance.

4. Recommendation of specific investment products, including the costs

We identify specific products that meet your individual needs, making recommendations for both investment products and providers. We may also recommend an appropriate platform service for arranging, safeguarding and administering your investments. We provide detailed illustrations explaining the costs of these products as part of our suitability report.

The recommendations report is the culmination of stages 2, 3 and 4.

5. Implementation

Once you have agreed our recommendations we arrange and register your chosen investments, services and policies.

6. On-going Planning

With the exception of the Advice on Demand service, we provide periodic reviews as an integral part of our ongoing planning service. Planning meetings are held annually to ensure that both the underlying investment strategy and the recommended products continue to meet your requirements. We will contact you to arrange these meetings.

Our ongoing planning service will normally be charged as a percentage of portfolio value. The fee will be based on all cash and investments that are being used to satisfy your capital and income requirements. This excludes cash held in your day-to-day current bank account.

A key component of our ongoing review service is continued analysis to ensure that both the underlying investment strategy and product wrappers continue to be the most appropriate and cost effective in assisting you meet your objectives. Where appropriate, we may make recommendations to change or identify further products or services, but such recommendations will only be acted upon with your prior approval.

You may cancel the ongoing planning service at any time without penalty. The notice period is one month from the date of receiving your request in writing. This will provide us with sufficient time to carry out your instructions and deal with any outstanding actions.

Level of Service

We provide three different levels of service:

Wealth Management Service – A bespoke financial planning service for clients with more complex financial arrangements, working in partnership with other professional advisers to help you achieve your goals and provide you will peace of mind.

Financial Management Service – A tailored financial planning service designed around your goals to help you achieve and maintain your desired lifestyle without the fear of running out of money.

Advice on Demand – Created to assist those who recognise the importance of receiving appropriate financial planning advice and have a one-off need for advice with no ongoing service.

For **Advice on Demand** we provide steps 1-5 as above, for our **Financial Management Service and Wealth Management Service** steps 1-6 as above.

Further details about the elements of each level of service are provided in the Letter of Engagement – Our Service and Fees.

Comprehensive details about each level of service are provided in our Letter of Engagement 'Our Service and Fees' document.

What will you have to pay us for our services?

We charge a fee for our services and confirm our charges in writing before any charges are incurred.

The fees listed in our Letter of Engagement – Our Services and Fees can be deducted from your investments (where the provider allows) or paid directly by you. When the fee is paid through the investments it may result in a reduction of your personal tax thresholds and/or exemption levels and will also reduce the amount used for investment. Where this happens we will discuss it with you and confirm it in your personal recommendation report.

Where you have agreed for a platform or product provider to pay our fees, either by deduction from the amount you invest with them or by other means, we reserve the right to invoice you if for any reason they fail to make the required payments. Regardless of any arrangements made with providers, the agreement to pay our fees is between you and us.

Additional Chargeable Services

Should your circumstances change to the point that a significant amount of work is required, those additional services are likely to be subject to a new agreement.

We will discuss your payment options with you and answer any questions you may have. The additional services will be provided once we have agreed how we will be remunerated for these additional services.

Payment of Fees

Our fees become payable in three stages as follows:

- Your Commitment Fee – this fee covers steps 2, 3 and 4 above and becomes due on presentation of the Recommendations Report. Your Commitment Fee applies from the date you instruct us to begin stage 2 and is payable in full even if you cancel this agreement prior to the completion of stage 4. Should you proceed to the Implementation state, this fee will be offset against the Implementation Fee.
- Our Implementation Fee – this fee covers stage 5 and becomes due once steps 2, 3 and 4 have been completed and you instruct us to carry out stage 5. Our Implementation Fee applies from the date you instruct us to carry out the agreed actions and is payable in full even if you cancel this agreement prior to the completion of stage 5.

The Implementation Fee is based on a percentage of the total investment amount covered by our service. If you add further funds to your portfolio at a future date, an Implementation Fee will be payable on those additional funds, calculated on the same basis as the Implementation Fee that you paid at the outset.

- Ongoing Service Fee – this fee covers stage 6 and becomes due when you agree to take this service. The Ongoing Service Fee will be calculated as a percentage of the value of your portfolio.

Our Implementation Fee will be detailed in our Recommendations Report. This provides you with a monetary amount which will be applied once the implementation of your recommended plan is complete. When transferring existing invested assets, the final monetary amounts received will reflect the market value at the time of the transfer. Therefore, the final monetary amount of our fee could differ from that confirmed in the Recommendations Report.

Should your investments be held on a platform, you may elect to pay our implementation and on-going fees from the funds held within the platform cash account (where the platform provider offers this facility). Should you opt for this method, it is important that sufficient funds are maintained in the account to cover our implementation and on-going fees as and when they become payable. Where our on-going fees are met by payments from investments held on a nominee platform, these will be paid monthly.

Where you choose to meet our fees directly, we will issue an invoice which will be due for settlement within 30 days of the date of issue noted on the invoice. Should payment not be received within this timeframe, we reserve the right to charge interest on the outstanding balance at a rate equivalent to the base rate set by the Bank of England plus four per cent.

Treating Customers Fairly

We are committed to providing the highest possible levels of service to our clients and have embraced the Financial Conduct Authority 'Treating Customers Fairly' principle. To this end, we would welcome any feedback you have on any element of our service, whether positive or negative. This will help us to ensure we are providing the services clients require and improve upon any areas about which you may have a concern.

Although we have a complaints procedure, we would rather that clients are satisfied and raise any concerns prior to there being a problem. Please feel free to speak to your Planner at any time.

Best execution

In executing or transmitting orders on your behalf to third parties, we will take all reasonable steps to ensure that we obtain the best possible result for you in terms of best execution.

Risk warnings

Please be aware that the value of investments can fall as well as rise, and that you may not get back the full amount invested. The price of investments we may recommend may depend on fluctuations in the financial markets, or other economic factors, which are outside our control. Past performance is not necessarily a guide to future performance. Specific warnings relevant to the investments, or investment strategies, we recommend will be confirmed to you in your report.

Cancellation rights

In most cases you can exercise a right to cancel, by withdrawing from the contract recommended to you. In general terms you will normally have a 30 day cancellation period for a pension policy and a 14 day cancellation period for all other policies.

The cancellation period will begin on the day the contract is concluded or, if later, the day on which you receive the contractual terms and conditions. Instructions for exercising the right to cancel, if applicable, will be contained in the relevant product disclosure information which will be issued to you.

If you cancel a financial product in which you invested a lump sum, the value of your lump sum may have reduced by market movements, i.e. if the value of the investment made has fallen between the date of the investment and the date of cancellation. This means that, in certain circumstances, you might not get back the full amount you invested if you cancel the policy.

Client money

Kingsland Wealth Management Ltd is not permitted to handle client money and we cannot accept a cheque made out to us (unless it is in respect of an item for which we have sent you an invoice) or handle cash.

The Financial Services Compensation Scheme (FSCS)

We are covered by the FSCS. You may be entitled to compensation from the scheme if we cannot meet our obligations. This depends on the type of business and the circumstances of the claim.

- **Deposits** - deposit limit for bank accounts is £85,000
- **Investments** - most types of investment business are covered for up to a maximum of £50,000.
- **Insurance** - in the majority of cases, eligible claims about the advising and arranging of protection products are covered for 90% of the claim, without any upper limit.

Further information about compensation scheme arrangements is available from the FSCS. The FSCS can be contacted by visiting their website www.fscs.org.uk or at the following address: Financial Services Compensation Scheme, 10th Floor, Beaufort House, 15 St Botolph Street, London, EC3A 7QU.

Documentation

Your investments will be registered in your name unless you instruct us otherwise in writing. Where a platform service is used, your investments may be held in the nominee name of the platform service provider for your beneficial ownership under its terms of service. All Policy Documents will be forwarded to you as soon as practicable after we receive them. If there are a number of documents relating to a series of transactions, we will normally hold each document until the series is complete and then forward them to you. We will issue any documentation/recommendations and any other communication to you in English (*unless agreed otherwise*).

In most cases our services are exempt from VAT.

We will let you know where any fees are subject to VAT.

We prefer our clients to give us instructions in writing, to aid clarification and avoid future misunderstandings.

Recording telephone calls

We will not record telephone conversations.

Any request that relates to the conclusion of transactions or the reception, transmission or execution of client orders will **only be accepted when provided in writing**.

Conflicts of interest

We will always act in the best interests of our clients. However, circumstances can arise where we or one of our other customers may have some form of interest in business being transacted for you. If this happens or we become aware that our interests or those of one of our other customers conflict with your interests, we will write to you and obtain your consent before we carry out your instructions, and detail the steps we will take to ensure fair treatment. A copy of our conflicts of interest policy is available on request.

From time to time we may attend training events delivered by product providers, fund managers and platforms. Some of the cost of providing this training may be passed to you as part of the total fees you pay. Further information regarding these arrangements is available on request.

Kingsland Wealth Management Limited holds voting shares in Octopus Capital Ltd, which represent less than 0.003% of total shares in issue. This shareholding does not alter our regulatory responsibility to provide you with impartial advice, and so should not influence our advice to you. Please ask if you want to discuss this in further detail.

We are legally obliged to verify the identity of our clients and retain these records. We may verify your identity by carrying out an electronic check with an independent agency. This will involve an electronic search of information, including access to databases and credit data. By signing this form you consent to us undertaking this check of your identity. The Discovery Meeting

Our initial meeting with you is at our expense.

Your Commitment Fee*

Having agreed to engage with us we will ask for a Commitment Fee based on the service you have selected:

- Wealth Management Service £2,500
- Financial Management Service £1,500
- Advice on Demand £500

Your Commitment Fee covers some of the cost of the initial data gathering, research, analysis and discussions with other professional advisers, as required. This is a one-off charge and will be invoiced if you do not proceed to the implementation stage. We reserve the right to invoice your Commitment Fee if our recommendations are not implemented within eight weeks of the date of issue.

Your Implementation Fee

For lump sum payments into pensions and investments, our Implementation Fee of 3% is levied as a percentage of the assets invested.

Where we are transferring existing funds which you may have between an ISA, General Investment Account or a Pension Account which are on a single platform then no implementation fees will be applied. In all other circumstances our stated fee structure will apply.

*Your Commitment Fee will be offset against the Implementation Fee assuming you proceed with our recommendations.

For example:

- An investment of £100,000 would have an Implementation Fee of £3,000
- An investment of £250,000 would have an Implementation Fee of £7,500
- An investment of £300,000 would have an Implementation Fee of £9,000

Regular Premium Pensions and Investments

Our Implementation Fee for regular premium pensions and investments is 3% of the first year's annual premium, subject to a minimum of £500. *

For example:

- A regular premium of £3,000 per month (£36,000 pa) would attract a fee of £1,080
- A regular premium of £1,500 per month (£18,000 pa) would attract a fee of £540
- A regular premium of up to £1,388 per month would attract the minimum fee of £500

* Wealth Management Service clients will not be charged for implementing regular premiums.

Ongoing Planning Fee

Ongoing planning is a key element of our Wealth Management and Financial Management service levels and is essential in providing you with peace of mind and the certainty that you will have the best chance of living the life you desire without the fear of running out of money.

The fee for our ongoing service is 1% per annum, based on the value of your overall portfolio under our supervision, subject to a £2,500 per annum minimum for Wealth Management clients and £500 for Financial Management clients. For example:

Financial Management Service

- A portfolio valued at £200,000 would attract an annual fee of £2,000
- A portfolio valued at £100,000 would attract an annual fee of £1,000
- A portfolio valued at £50,000 would attract an annual fee of £500

Wealth Management Service

- A portfolio valued at £750,000 would attract an annual fee of £7,500
- A portfolio valued at £350,000 would attract an annual fee of £3,500
- A portfolio valued at £250,000 would attract an annual fee of £2,500

There is no ongoing planning fee and no ongoing planning service for Advice on Demand clients.

Our Ongoing Planning Fee is calculated on the basis of a percentage of the value of your portfolio under our supervision. The amount you pay will, therefore, fluctuate with the value of your investments; if your investments increase in value, the amount you pay us will also increase and if your investments fall in value, the amount you pay us will reduce.

Our Implementation and Ongoing Planning Fees are expressed as a percentage of the value of your portfolio under our supervision, and we will confirm the exact monetary amount based on the valuations at the time in our written Recommendations Report.

Protection Business

You can pay for our advised protection services by fee, commission or a combination of these. In relation to non-investment protection contracts, if you wish us to work on a fee basis the fee will be subject to a minimum fee of £500. Any commission can be used to offset this fee. Any surplus will be refunded to you.

Where we are paid by commission we will tell you the amount before we carry out any business for you.

In some limited circumstances (for protection planning only) we may receive commission from a product provider in relation to an insurance product we have arranged for you. The amount of commission is a percentage of the total annual premium and we'll tell you the amount before we carry out business for you.

Annuities

Advice relating to the purchase of an annuity is subject to a fee of 1.5% of the purchase money.

For example:

- An annuity purchase fund of £150,000 will attract a fee of £2,250
- An annuity purchase fund of £100,000 will attract a fee of £1,500
- An annuity purchase fund of £50,000 will attract a fee of £750

Fixed Fees

Regardless of the service level that may be selected, there are some services available where a separate fixed fee applies. **These fees are in addition to any other fees agreed with you:**

Property purchase via a SIPP (in addition to commitment and implementation fee)	£2,500
Initial advice on a pension transfer from a final salary scheme, including transfer analysis and production of cash flow scenarios	£1,750*
Production of a cash flow forecast on a stand-alone basis	£750
Recommendations for and facilitation of access to existing pension drawdown funds	£750

* This will be offset against our Implementation Fee

We'll provide you with a personalised quote for the work to be carried out before starting any work.

Your consent (Client Copy)

For your own benefit and protection you should read these terms carefully before signing them. If you do not understand any point, please ask for further information.

I/We hereby authorise the transfer of information, as described above on a confidential basis when warranted between such third parties. I/We confirm that the details of my/our policies arranged through or serviced by Kingsland Wealth Management Ltd may be disclosed to either party named above until such time as written instruction is received from the policy holder to the contrary.

I/We agree that the Letter of Engagement will come into effect from the date of issue.
